General

Team Avatar

This is your team's avatar.
Click on the avatar to upload a custom one from your files.

An avatar is optional but strongly recommended.

Members

Preview Deployment Suffix

By default, the URL of every new Preview Deployment ends with `.vercel.app`. This setting allows you to choose your own custom domain in place of this suffix.

my-deployment. | vercel.app

This feature is available on the Pro plan for an additional **$100 per month**.

Upgrade

Team ID

This is your team's ID within Vercel.

`team_iVC7oLX1UXQc2JSEcLFCLutX`

Used when interacting with the Vercel API.

Environment Variables

Vercel Toolbar

Enable the Vercel Toolbar on your Deployments.

Pre-Production Deployments

Default (on)

Production Deployments

Default (on)

To use the toolbar in production your team members need the Chrome extension or to enable the toolbar for that domain in the toolbar menu. Learn more about using the toolbar in production.

Allow this setting to be overridden on the project level.

Enabled

Leave Team

Revoke your access to this Team. Any resources you've added to the Team will remain.

To leave this Team, ensure at least one more Member has the Owner role.

Delete Team

Permanently remove your team and all of its contents from the Vercel platform. This action is not reversible — please continue with caution.

You cannot delete your last Hobby team.

To delete your account, visit Account Settings.
